Many children and young people across Peterborough need a safe, caring home close to the people, schools and communities they know. Fostering isn't about being perfect, it's about being there and never giving up.

There are still many myths around fostering, with people often believing they are "too busy", "too old", single, renting, or already have children at home so wouldn't qualify. The reality is fostering can fit around your lifestyles and households.

Whether you can offer emergency care, short breaks, long-term support, parent and child fostering, supported lodgings or Link care, there are lots of different ways to foster depending on your circumstances and availability.

Foster carers come from all walks of life, but they all share one thing, the ability to make a difference to a child's future. You don't need experience in childcare to start the conversation, just compassion, patience and a spare bedroom. Could you help keep local children close to Peterborough and the people important to them?

Thinking about fostering?
